

A B C

Alphabetical Order Cut-And-Paste

When students with autism do activities about their special interests, they can be more engaged and motivated to learn. These alphabetizing activities are created with this theme:

Animals

Instructions

Students cut out the words, then glue them in alphabetical order on a sheet of construction paper. You can also make file folder games by laminating the pages, cutting out the words, and attaching Velcro to the backs of the words and on the file folder.

Table of Contents

Animals (Ocean)

Animals (Farm)

Animals (Jungle/Rainforest)

Animals (Desert)
