Decorating Easter Eggs

On Easter, my family will decorate
Easter eggs.

There are many ways to decorate
Easter eggs.

Kids can paint the eggs.

Kids can draw on them with crayons.

Kids can color them with dye.

Kids will take turns with the decorations.

If I want something, like paint or dye, I will try to ask politely and wait my turn.

Kids can decorate their eggs any way they like.

I might or might not like how someone decorates their egg, but I will try to use only nice words, so I don't hurt their feelings.

Decorating Easter eggs can be fun,
because all of the kids can make their
own designs.

I am learning about decorating
Easter eggs!

How to Use

- You can either print the pages out, or show them to the student on a computer, Smartphone, or tablet (such as iPad) for vocabulary development. My students seem to enjoy viewing it on a computer, phone, or tablet, but do whatever works best for your student.
- This activity is part of a series of activities about Easter. You can find the rest of the Easter activities here: <http://positivelyautism.weebly.com/freebies-community---easter.html>
