

What to Expect on Halloween

Halloween is coming soon. Halloween is a holiday that is on October 31st.

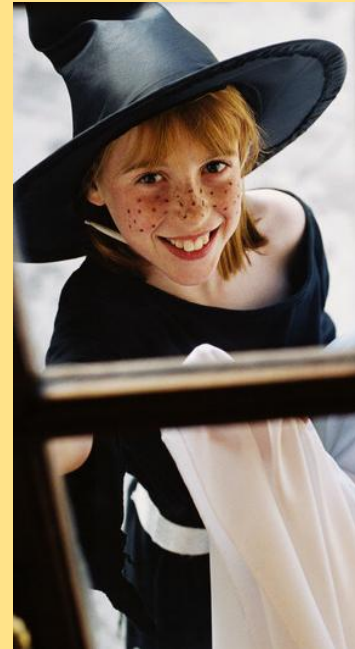

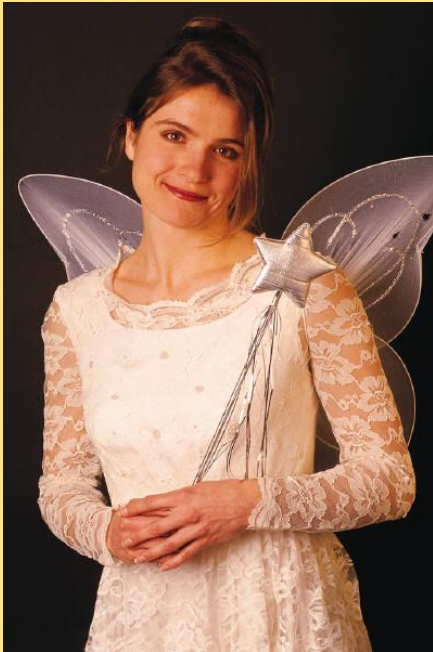

On Halloween, many children may ring the doorbell or knock on the door.

When we open the door, the children may be wearing costumes.

The costumes may be pretty, exciting, or a little scary. This is okay. The children think it is fun to pretend.

The children may say, “Trick or Treat!”
I will try to give them a piece of candy
in their bag or bucket. This will make
the children feel happy.

I will try to share candy with the children. My parents will save some for me.

I can say, “Happy Halloween!” to the children after we give them candy.

I will try to stay inside my home
after we share candy with the
children.

I am learning about Halloween!
