How to Use

- You can either print the pages out, or show them to the student on a computer, Smartphone, or tablet. My students seem to enjoy viewing it on a computer, phone, or tablet, but do whatever works best for your student.
- Use this story for talking about the color green, different pieces of clothing, etc.
- This book is part of a learning unit on St. Patrick's Day. I typically do learning units with my students with autism for at least 2 weeks to allow for repeated practice of the concepts. You can find the rest of the St. Patrick's Day activities here:
